EXTENDING WORK OF St James IN AMBATONDRAZAKA :

Ambatondrazaka is one of the great towns in Madagascar. It is the capital of the Region Alaotra Mangoro. That means that the Anglican Church in Ambatondrazaka is the one church that someone sees in it how is the Anglican Church in our area.

So the congregation in Ambatondrazaka have decided to extend the Church. The work has started on this year.

We saw from the enthusiasm of the people that they have a solid faith to build a solid church worthy the glory of God. More congregation came to starting the work and to show the solidarity. As the Malagasy proverb says: "Ny firaisan-kina no hery" means "the Solidarity is our strength".

The work of extending is going well until now, so we ask you to pray for us so the work will not stop.

The important thing for our church is to have more youth. So I lead them to bring their talents to develop the church and to serve Jesus. So I built the choral association called: "Feon'ny Kerobima":

"Cherubim Voice". Our mission is to evangelize through the song and the word of God. We participated in supporting the extending the St James Church through the Christmas Concert on 20/12/15.

More people came to answer our invitation.

The Children in Mahatsinjo. You see that there is still a big work to have to finish in Mahatsinjo.

SAINT PETER CHURCH IN ANDREBA :

Andreba is not a Church in parish of Ambatondrazaka.

This church is other parish charged by other priest.

But it is one parish in our deanery. Andreba is the center of the parish of Andreba. This parish has 4 Churches. As your asking to find other children a part of our parish. So the feeding project also reached this parish. Until now the project reaches just one church in this parish.
